Harmattan - Documentation

Thank you for your interest in the Harmattan font. Harmattan supports virtually all of the Unicode 13.0 Arabic character repertoire (excluding the Quranic annotation signs in the Arabic Extended-A block and excluding the Arabic Presentation Forms blocks, which are not recommended for normal use).

This documentation is a set of HTML pages that can be viewed in any modern web browser. PDF versions of these pages are also provided. This content, plus download links and a contact form, are available from the Harmattan site.
